CIVIL WAR MANUSCRIPTS

The State Archives has many military records that were generated by government agencies (see circulars 4 and 7). In addition, the Archives has received from private sources a variety of personal papers by or relating to soldiers and veterans. These manuscripts include things like certificates, diaries, discharges, journals, letters, and miscellaneous documents. This circular identifies all such materials in the possession of the State Archives that pertain to the Civil War.

Civil War Photographs

The State Archives of Michigan has a fairly large collection of photographs of Civil War soldiers and veterans. The individual portraits range from Civil War era carte-de-visite images of young men to photographs of aged veterans. These are arranged alphabetically by name in the general Biography Index drawers, and separately by unit and then alphabetically by name in a special card catalog drawer. Both indexes are located in the Reference Room of the State Archives. There are also some photographs in the collection of Civil War units and miscellaneous groups of soldiers, but the persons in these larger photographs are not identified individually. The same is true of reunion pictures of Civil War units, mostly taken prior to World War I.
